

Wikispaces Private Label

A wiki for every classroom

Your own self-contained wiki environment.
Simple. Reliable. Secure.

What is Wikispaces Private Label?

Large organizations — like schools and school districts — need functionality and flexibility beyond what you can get with a single wiki. We created Wikispaces Private Label to provide exclusive, complete wiki environments to organizations who need a bit more from their online tools.

Friendly, intuitive interface

Our visual editor gives you all the tools you need to edit text, add pictures, upload files, and add videos and widgets. And it's so simple that it takes only seconds to learn.

Unlimited wikis

You get as many wikis as you can create, each with unlimited pages and files. With one click, you and your teachers can create wikis for class web sites, peer assessments, e-portfolios, parental engagement... anything you can think of.

Full integration

Wikispaces Private Label provides everything you need to integrate your wiki site with your existing infrastructure, from integrated user databases to custom themes.

Flexible privacy settings

Adjustable permissions for each wiki, page, and file give organizers fine control, while site-wide permissions determine who has site access, who can create new accounts, and more.

Administrative control

You can monitor and manage your whole site from a single central dashboard, making it easy to keep an eye on site usage, change the look of your site, adjust permissions, and more.

Features of each wiki:

- **Our visual editor** — Edit text, add pictures, upload files, and add videos and widgets.
- **Full history** — Keep every saved change of every page, so you never lose any work.
- **Discussion forums** — Pose questions, provide answers, and talk about the work while it's being edited and developed.
- **Notifications** — Set up email or RSS notifications for any wiki, page, or file you want to monitor.
- **Wiki permissions** — Define membership and permissions at the wiki, page, or file level, so it's easy to control who uses the wiki and how they use it.

...and much more.

Time to get started:

1 Contact us

...before you've started your trial, as you're setting up your site, when you make a change to your site, any time you have a question. We always love to hear from you:

415-863-8919

help@wikispaces.com

2 Get some background

While you're considering your options and planning what to do with your site, you might also want to dig a little deeper on your own. Our K-12 whitepaper and case studies will get you started.

3 Start your trial

Once you've had a chance to talk to us and review our prepared materials, your next step is to start a free, no-obligation trial and get hands-on experience with Wikispaces Private Label.

4 Explore the possibilities

Our monthly webinars give you a chance to hear from other people working on Private Label sites, and to discuss any questions that have come up through an open Q&A.

5 Make a payment

When your trial comes to a close, just go to **Site Administration > Subscription > Make a Payment**. You can pay by the month or by the year, generate an invoice, or send us a PO.

Wikispaces partnership with PAIUnet

Wikispaces Private Label is now available to all schools and school districts in Pennsylvania through our partnership with PAIUnet. Take advantage of our discounted pricing and enhanced services, exclusively for Pennsylvania schools and districts.

Discounted pricing

- **12% discount** on Wikispaces Private Label services
- **Unlimited user pricing:**
 - \$1,750 per year for a school
 - \$3,500 per year for a district
 - \$5,250 per year for higher education

Enhanced services

- **Quarterly training webinars** for IU and district technology coordinators to help with the successful deployment and adoption of Wikispaces Private Label
- **Single Sign-On and Moodle integration** (may be available through PAIUnet or your local IU)

Examples

These Pennsylvania IUs and school districts are already using Wikispaces Private Label:

- Capital Area Intermediate Unit
- Cumberland Valley School District
- West Shore School District
